#### *Allowable Subject Matter*

2. Claims 1 and 3-17 are allowed.
3. The following is an examiner's statement of reasons for allowance:
  - a. Claim 1 was amended by Applicant to contain the allowable subject matter of translating a combination of an application identifier and resource identifier into a virtual resource identifier when an identifier is passed from an operating system to an application. Further the claim contains the allowable subject matter of translating a combination of an application identifier and virtual resource identifier into said resource identifier when the virtual identifier is passed from the application to the operating system. Prior teachings within the art, such as Gaines et al (hereinafter Gaines), U.S Patent No. 5,961,582, Kawabe et al, (hereinafter Kawabe), U.S Patent No. 5,819,044 or Leach et al (hereinafter Leach), U.S Patent No. 6,108,715, only disclose the translation of a resource ID to a virtual resource ID and vice versa.   - b. Claims 7 and 12 disclose the same limitation as described above.
